CAREER OBJECTIVE

Final-year Computer Science student with internship experience in AI, Data Science, and cloud technologies, supported by hands-on projects in NLP, recommendation systems, and analytics. Seeking an opportunity to contribute strong analytical, programming, and problem-solving skills in a technology-driven organization.

EDUCATION

Bachelor of Technology in Computer Science and Engineering

Aug 2023 – Aug 2027 | Jaipur, India

Jaipur Engineering College and Research Centre | CGPA - 9.27/10

EXPERIENCE

Data Science Intern , Celebal Technologies

May 2026 – Present | Jaipur, India

- Hands-on training in Python & its libraries, ML, DL, RAG, LLMs, and Agentic AI through an 8-week focused program.
- Applied data preprocessing, model evaluation, NLP, and AI-driven analytics working on real-world datasets and use cases.

PwC AC India Advisory Launchpad Program , PwC Pvt Ltd.

Feb 2026 – Present | Online

- Developing expertise in cloud engineering, distributed systems, and scalable technology architectures and using GenAI.
- Building proficiency in cybersecurity principles and regulatory frameworks for secure digital systems for secure landscapes.
- Bridging technical development and business strategy through cloud-based CRM and enterprise solutions.

Team Leader of Business Development, AIESEC in Jaipur

Jun 2025 – Mar 2026 | Jaipur, India

- Led a 10-member team across planning, execution, and cross-department coordination — delivering 2 large-scale events and improving team efficiency through structured delegation.
- Developed strong stakeholder management, communication, and mentoring skills in a fast-paced organizational setting

Agentic AI Internship, IBM

Jul 2025 – Aug 2025 | Online

- Developed an AI-powered Bank Loan Recommendation Agent using Python, Flask, ReactJS, and IBM Watson Assistant, integrating intelligent recommendation workflows.
- Improved accuracy of system performance by ~30% through API integration, optimization, and deployment on IBM Cloud.

PROJECTS

AI Data Analytics Platform – AquaInsight [[LINK](#) 📄], (Python, ML, CNN, Cloud, Next.js, TypeScript, Firebase, Google Genkit)

- Analyzed and processed **1000+** marine datasets to generate dashboard insights & support data visualization workflows.
- Improved CNN model performance by reducing validation gap by **~20–25%** through regularization techniques and AI-driven summarization workflows, reducing manual review effort by **~40%**.

Research Paper Recommendation System [[LINK](#) 📄], (Python, NLP, Sentence Transformers, MLP, Streamlit)

- Processed and analyzed **5000+** research paper records and Top-5 recommendations with **~90%** relevance accuracy.
- Optimized recommendation workflows and performance evaluation processes, improving recommendation precision by **~20%** and reducing manual search effort by **~40%**.

Plagiarism Detection System [[LINK](#) 📄], (Python, NLP, TF-IDF, Logistic Regression, Flask, SQLite)

- Analyzed **2000+** text samples using NLP preprocessing techniques, achieving **~90%** similarity detection accuracy.
- Optimized preprocessing workflows to reduce false similarity matches by **~15%** and built SQL-supported pipelines.

SKILLS

- **Programming Languages:** Python (Intermediate), SQL (Intermediate)
- **Core CS Concepts:** DSA, OOPs, Operating Systems, Database Management System
- **Software Development & Web Technologies:** Flask (Basic), Streamlit
- **Cloud & Tools:** Git & GitHub (Intermediate), Firebase (Intermediate), IBM Cloud (Basic), Docker (Basic)
- **Data Science & Machine Learning:** NumPy, Pandas, Scikit-learn
- **Deep Learning:** Convolutional Neural Network, Model Optimization (Basic)
- **Databases & Tools:** Structured Query Language, SQLite
- **Soft Skills:** Communication, Team Coordination, Problem Solving, Adaptability, Time Management

ACHIEVEMENTS & CERTIFICATES

- **SIH 2025** - Our team secured **18/550 teams** in SIH'25 occurred in JECRC University with Aqua-Insight project.
- **Volunteered in Jaipur Literature Festival'26** - A **5L+** foot-fall event, managing **24+** food stalls with a **3-**member team.
- **Volunteered in ComiCon'26, Jaipur** - Assisted in customer interaction where footfall is **2k+** per day.
- **Coordinated in Renaissance'26** - Led a team of **8+** volunteers to organize **3+** events for **600+** attendees.
